Members, California State Legislature
 State Capitol
 Sacramento, CA

Re: **Support Governor Newsom's Infrastructure Streamlining Package as Part of State Budget**

Dear Senators and Assembly Members:

Our coalition of labor unions, businesses, ethnic business leaders, local governments and others are writing in **strong support of Governor Newsom's plan to streamline critical infrastructure projects**. We urge the legislature to work with the Administration to adopt these proposals as part of this year's State Budget process.

The infrastructure streamlining package is essential to accelerate critical energy, water and transportation infrastructure projects we need to achieve California's world-leading climate goals while also preparing our economy for the future and creating hundreds of thousands of good-paying, union construction careers.

Combined, these proposals will streamline permitting, cut red tape, reduce time-consuming litigation and make other changes that will take years off of the timeline of projects while saving taxpayers, state and local governments and businesses hundreds of millions of dollars.

Simply put, our current system is burdened with systemic delays, red tape and roadblocks that make it too difficult to build the critical infrastructure our state needs. We must do better. The Governor's infrastructure streamlining proposals do just that.

We urge your strong support.

Sincerely,
